RUSSIAN REFUGEES POURING INTO AUSTRIA.

(BY THE ASSOCIATED PRESS—A.M.)

VIENNA, Dec. 7.—(Associated Press)—The number of Russian refugees pouring into Austria is increasing daily. There are now at least 10,000 of them at Cracow. They all give excited accounts of the occurrences in Russia.

Many of the refugees formerly were men of considerable wealth and standing but they left everything behind and now are almost reduced to beggary.

The people of Lemberg declare that the refugees are pouring into the city. The refugees who have arrived at Cracow say that the Russian government is doing everything to prevent the refugees from leaving the country.

SIDE TALKS BY THE OFFICE BOY

The old man says "The most successful man in the office is the one who knows how to manage his money." That's an old saying, but it's still true. There's a lot of little details in carefully thought out plans that make the difference between a man who is successful and a man who is not. The office boy is the one who knows these details. He knows the value of a dollar, and he knows how to use it. He knows the value of a suit, and he knows how to wear it. He knows the value of a car, and he knows how to drive it. He knows the value of a house, and he knows how to live in it. He knows the value of a life, and he knows how to live it. He knows the value of a family, and he knows how to love it. He knows the value of a country, and he knows how to serve it. He knows the value of a world, and he knows how to change it. He knows the value of a life, and he knows how to live it. He knows the value of a family, and he knows how to love it. He knows the value of a country, and he knows how to serve it. He knows the value of a world, and he knows how to change it.

PRISON CELL FOR JUSTICE.

Gaster of Guadalupe Held on
Serious Charge.

Indicted by the Grand Jury
for Embezzlement.

He Declares the Action is the
Result of Spite.

ST. BARTHOLOMEW, Dec. 7.—(Exclusive Dispatch.) Justice of the Peace George R. Gaster of Guadalupe is in the County Jail on a charge of embezzling public funds. He is under indictment by the grand jury, and was arrested at his home in Guadalupe at midnight Wednesday, by Sheriff Stewart, under a bench warrant issued by Judge Taggart of the Superior Court.

The justice had been requested to appear before the grand jury, first by telephone from the District Attorney on Monday last, but he failed to appear. A subpoena finally was sent through Santa Maria officers, but they reported that they could not find him. Mrs. Gaster replied to the Sheriff's inquiry at the door that her husband was sick, and could see no one. The fact that Justice Gaster was at home was admitted only after Sheriff's identity was revealed.

He was brought in by the Sheriff today, and has been before the grand jury but the nature of his examination there is not disclosed. He is still in jail, with bonds fixed at \$200.

The specific charge against Gaster is the embezzlement of \$10 paid to him by E. M. Hall, a well-known resident of Guadalupe, for contempt of court. It is nothing but spite work, said Gaster yesterday, when seen by a Times reporter at the County Jail.

His Campolongo once for contempt of court, and he has been in jail since then through the grand jury, of which he is a member.

BRIDE'S JEST PERILS LIFE.

SHOTS HERSELF IN THE BREAST
WHILE JOKING.

Mrs. Max B. Fisher, Late of New
York, While Examining Revolver
Husband Had Taken Home, Points
It Toward Her Person and Acci-
dentally Pulls the Trigger.

Standing before her husband and examining a revolver which he had brought home, Mrs. Fisher yesterday evening accidentally discharged the weapon, the bullet plunging its way through her left breast, inflicting serious injuries.

The woman was hurried to the Emergency and General Hospital, where an operation was performed by Drs. Keyes and Barnard. In a bulletin issued last night the surgeons stated that Mrs. Fisher's condition, while not dangerous, was serious, and it was impossible to determine whether or not she would recover.

The case is particularly pathetic, involving a young married couple, who recently came here from New York City. They took apartments at the Golden State Hotel, Fifth street and Central avenue, and have resided there about two days.

The husband, Max B. Fisher, is an expert accountant, and was seeking employment in Los Angeles. Yesterday evening he returned home with an Iver-Johnson hammerless revolver of 22 caliber, on which some repairs had been made.

Entering their apartments, Fisher turned to his wife and began explaining the workings of the weapon. As a precautionary measure, he removed all the cartridges and handed the gun to his wife to examine.

Fisher again took the revolver in his hand and while she was looking at it he pointed it toward her. He was in the act of pulling the trigger when the gun fired, the bullet striking her in the left breast.

Before he anticipated what his wife was about, Mrs. Fisher had quickly picked up the revolver and pointed it at herself, meanwhile muttering: "Buy me a gun like this, because some time I might become jealous, and in that case would be tempted to shoot myself."

In a moment there was a deafening bang and Mrs. Fisher fell senseless to the floor at the feet of her husband. He had accidentally touched the trigger and the bullet entered the left breast, fracturing the left shoulder blade and the second rib.

At the hospital the second rib was moved. Mrs. Fisher was conscious and conversed with her husband and surgeons.

Mrs. Fisher is a handsome woman, years old, bright and vivacious, recovering her composure, even when suffering from the wound, and which she had inflicted, she told her husband, who was frantic (think that he had fired in any way) for the accident.

GIVE YOUR STOMACH A NICE VACATION

Don't Do It By Starving It Either
—Let a Substitute do the Work.

The old adage, "All work and no play makes Jack a dull boy," applies just as well to the stomach, one of the most important organs of the human system, as it does to the man himself. If your stomach is worn out and rebels against being taxed beyond its limit, the only sensible thing you can do is to give it a rest. Employ a substitute for a short time and see if it will not more than repay you for its use.

Stuart's Dyspepsia Tablets are a willing and most efficient substitute. They themselves digest every bit of food in the stomach in just the same way that the stomach itself would, were it well. They contain all the essential elements that the gastric juice and other digestive fluids of the stomach contain and actually act just the same and do just the same work as the natural fluids would, were the stomach well and sound. They, therefore, relieve the stomach, just as one workman relieves another, and permit it to rest and recuperate and regain its normal health and strength.

During his statement, Col. Colton said that he was a prominent lawyer in Chicago. Read what he says: "I was engaged in the most momentous undertaking of my life in bringing about the coalition of certain great interests that meant much to me as well as my clients. It was not the work of days, but of months; I was working night and day almost when at a very critical time my stomach went completely back on me. The undue mental strain brought it about and hurried up what would have happened later on."

"What I ate I ate I had to literally force down and that was a source of misery. I had a sour stomach much of the time. My head ached, I was sluggish and began to lose my ambition to carry out my undertaking. It looked pretty gloomy for me, and I confided my plight to one of my clients. He had been cured by Stuart's Dyspepsia Tablets and at once went down to a drug store and brought a box up to the office."

"I had not taken a quarter of that box before I found that they would do all the work my stomach ever did; and as a rest or vacation was out of the question for me, I determined to give my stomach a vacation. I kept right on taking the tablets and braced up and went ahead with my work with renewed vigor, ate just as much as I ever did and carried out that undertaking to a successful issue. I feel that I have Stuart's Dyspepsia Tablets to thank for saving me the headache, the rest I ever received as well as my reputation, and, last but not least, my stomach."

Stuart's Dyspepsia Tablets are for sale by all druggists at 50 cents a box.

Fall May Prove Fatal

John Wilson, a painter employed at C. M. Ryan's shoe store on South Broadway, while employed in making some repairs, fell from a scaffold yesterday noon and sustained injuries that may prove fatal. He was sent to the California Hospital.

Purse Vanishes

Mrs. C. R. Schmeigler of No. 9044 East Eighth street placed a purse containing \$150 on a table in a South Broadway shoe store yesterday afternoon and joined the crush of holiday shoppers. A few moments later she returned to the store only to find that it had vanished. She reported her loss to the police.

Death of Ray Marbert

Ray Marbert, a young man who, for several years, was an employee of the firm of Print & Reynolds of this city, died at Kaiser Hospital yesterday afternoon at 35 years of age. His body was taken to Longwood, where his mother resided. While in the city he was employed in the Westlake Band, and was a member of the Old Fellows, and was a young man of exemplary character.

Killing Accidental

Henry Gray, the 14-year-old negro, who accidentally shot and killed his older brother, Carl Gray, yesterday night at Santa Fe avenue and Seventh street, was sentenced by a coroner's jury yesterday afternoon. The evidence went to show that the youthful negro fired through the wall of a room because he thought some boys were attacking his parents' home. The shot struck and killed the boy's brother almost instantly.

Level Levels Barnes

John Barnes was taken to the Receiving Hospital last night from his home at No. 323 San Julian street, suffering from a severe laceration of the scalp and numerous cuts in the face. It is alleged that Barnes went home and, in an intoxicated condition, and when he began to abuse his wife was met with resistance from his father, who is a well-known character in the underworld. Barnes was a young man with a few vicious strokes from a carpenter's level.

Chain up the Dog

South Los Angeles Tuesday morning news: That by the death of James P. Davenport, this society has lost a sincere friend, an energetic worker, and one whose chief delight was in helping the poor, the needy and unfortunate, and in whose death this community loses a most exemplary and loyal citizen and family. Ceremonies at St. Agnes

Under the patronage of the Immaculate Conception, processions will be held this morning at 10:30 o'clock for the new church of St. Agnes, at the southeast corner of California street and Vermont avenue. Mr. P. Harnett, V. G., will perform the ceremony, and will be assisted by the Rev. Father, who will deliver the sermon. This is the parish of which Rev. Father Harnett is the pastor, and the new church has been dedicated in a temporary chapel. The new building will be a commodious structure, with the handsome residence section in which it is to be located.

Members of the Engineers and Architects Association

Members of the Engineers and Architects Association to the number of fifty met around the banquet table at the Cafe Bristol last night, and after the refreshments, an interesting paper from George B. Wilson on the subject of "Engineering Possibilities in China." Mr. Wilson is yet but a young man, having been one of the early graduates of the University of California. He is now employed as an English syndicate. He resided last night of the great Chinese banquet, and the banquet was a long and enjoyable affair, with the participation of the members of the future, and of China as a field for ambitious engineers.

HORRORS OF WAR PRISON.

**Story of Suffering of Federal Troops
at Andersonville, Told by Former
Prisoner.**

The horrible story of Andersonville Prison was told again last night at the monthly banquet of the Union League by Rev. J. J. Maile, now superintendent of Congregational missions in Southern California.

It is safe to say that the story has never been told with more dramatic effect or more vividly. He spoke in a simple conversational way and threw no red fire on it.

He told with splendid effect of the bursting forth of the spring in the prison yard, seemingly in response to the prayers of a band of hundreds of men who had been offering daily supplications for a week before this. One of the facts told by Rev. Maile was of the dreadful effect of those horrors upon the prison-made wrecks. He told of the fact that he, previously a soldier, who stood around some poor devil who was dying and jested at his condition, taking away his clothing before his breath was gone.

Deserted as a wife when the very walls of the place she had called her home were being shaken down by an earthquake, this is said to have been the plight of Mrs. Minerva M. Byrne of this city, whose suit for separation from John A. Byrne, formerly of San Bernardino, is on trial before Judge Gibbs.

Byrne is one of the heirs of the rich estate of his late father, estimated at \$500,000, much of it being in the vicinity of San Jacinto and Hemet.

Mrs. Byrne, prior to her marriage at San Bernardino on January 30, 1892, was a Miss McNeely of Oakland. There is a son about thirteen years old. The wife now is employed as a book-keeper at the Boston Store and resides at Ocean Park.

In her complaint, Mrs. Byrne alleges that her husband abandoned her without cause, leaving her penniless.

After the death of the elder Byrne, about twelve years ago, John A. Byrne engaged in business at Redlands, and before leaving his wife, six years ago he moved with his family to San Jacinto.

Dr. Woods Hutchinson, who came here from Portland, Or., last summer to deliver the commencement address for the California Hospital, is again in town. Dr. Hutchinson at that time spoke some keen and clever truths, both wise and witty, about the "handicapped" margin.

Incidentally, he became so enamored of Southern California that he has returned to reside in Redlands and is consulting physician at the new Arrowhead Sanitarium. In Portland Dr. Hutchinson, while secretary for the State Board of Health, established a sanitarium for tuberculosis, where the disease was treated entirely by the tent system.

Conversing yesterday with a Times reporter on this subject of dealing with the great white plague, Dr. Hutchinson, who has spent much time in research work on the subject, both in this country and abroad, said:

"Although I am no longer actively connected with tuberculosis work, I have had sufficient experience to convince me that the only rational way to treat the disease is by the open-air system, and I know of no better method than by utilizing tents for the purpose. This method gives better results because it involves the continued exposure to both light and air, and we all know that light has a destructive effect on micro-organisms and also a decided stimulus on living cells. The best cure ever devised for lupus is exposure to light."

RAIN AND FOG HARMLESS.
"Rain and fog? Nonsense! Some of the most rapid gains I have ever seen have been when the rain fell almost incessantly—and you know in Oregon we have considerable moisture. In our camp there I have known twenty patients to gain fifty pounds—two and a half pounds per capita—in the midst of a week of rain, and every one of them living in tents. It makes me laugh to see how everybody is afraid of a touch of fog—the only danger lies in that it drives the patient indoors."

"I have seen tuberculosis work carried on in the outskirts of London—the foggiest city on earth—and the tent system is in vogue there. Dr. Pettitt has a tuberculosis camp at Ottawa, Ill., where patients live in tents with the thermometer at 75 deg. below

**His Recent Speech Evidently
Misquoted in East.**

"Mr. Chaffee and I have about made up our minds. I think in the fall of next year, we shall come here to live."

Gen. Chaffee made this statement last night after a day of house-hunting.

The great kindness of the people of Los Angeles during this visit has proven the strongest inducement for us to come here. Such cordiality as we have encountered is most compelling.

Orders came on the day before the drill day of this boy's company. Almost any man of his position and facing what he had to do, would have forgotten all about these boys. Not so Chaffee.

The morning of the drill day, he came personally to the residence of the little boy who was acting as first sergeant. It was so early that the boy was still at breakfast.

His mother, Mrs. Chaffee, as he was then, asked to carry his apologies to the company, and tell the boys that he regretted that his military duties would not admit of his drilling them or of presenting his apologies in person.

It was a fine act of innate courtesy and kindness.

ENTERTAINED AT LUNCHEON.
Mr. and Mrs. Sumner F. Hunt of No. 1245 Severance street entertained yesterday with a luncheon at the Los Angeles Country Club, given in compliment to Gen. Chaffee and his charming wife. The table decorations were adorned with the hostess's monogram and covers were laid for: Gen. Chaffee and Mrs. Chaffee, Mrs. Henry Albert, Bert Harmon Merchem, Edward D. Hunt, Frank Thomas, Anna Bancroft, John H. Norton, Charles Monroe, Joseph F. Sartori, John Griffith, Godfrey Hollister, Allan C. Balch, Shelby Tolhurst, Earl T. Stinson, Othman Stevens, J. W. McKinley, Wedemeyer, Randolph Miller, Grayville Macdonald, and Miss Katherine Alberts.

Some ridiculous questions, telegraphed to this city from eastern newspapers, were put to Gen. Chaffee. They wanted to know what country he thinks we are about to go to war. He replied jokingly that he had no intention of bringing on a war.

The basis of these questions was the mendous job of preparing his own office—his inspector-general's—move; but the assistant adjutant-general was temporarily away; he had to move that office also. It was a big job.

A twinkle came into the old soldier's eyes as he added slyly, "I don't know, but what I may take up some of that land and do a little—hm—real estate manipulation."

"You don't mean to say you've got the real estate fever?" shouted his questioner.

"Well," said the general contemptuously, "Of course, I shall have to be doing something when I am retired."

He was told that if he does he will be up against a fiercer game and one with grimmer horrors than any little thing like battles and fighting.

Gen. Chaffee laughed as merrily as a boy and passed from the topic with a remark to the effect that he guessed he would be safer in the army.

"You don't mean to say you've got the real estate fever?" shouted his questioner.

"Well," said the general contemptuously, "Of course, I shall have to be doing something when I am retired."

SNUFFING OUT.**

**"Jack" Taylor Reaches End
of Primrose Path.**

**Plasters the City With Bad
Checks and Levants.**

**Relatives Grow Tired of Aid-
ing Gay Rounder.**

Owing his galore, and after floating worthless checks on local banks to payment of his many debts, J. P. Taylor, 25 years old, recently a salesman for the Fairbanks-Morse Company, has disappeared from his home in this city and his anxious mother fears the young man will never return.

Young Taylor is described by his fellows about town as a "dead game sport." He always seemed to have plenty of cash, dressed fashionably, lived off and on at the Angels and the Van Nuys, and burned the candle at both ends.

A graduate of Berkeley, the young man intended to enter a profession, but, caught in the whirl of the city life, all else was forgotten.

For perhaps a year after his graduation the young man posed as a society swell, spent money freely, and did nothing to earn a living.

Money came to young Taylor from some mysterious source and he was supposed to have wealthy parents. There came a rude awakening a short time ago, and friends learned how the young man had secured his money.

John Taylor, father of the young man, held a responsible position with the F. W. Braun Drug Company. To him came numerous worthless checks floated by the boy. At first the checks were small, and the father, to shield his son, met them.

The worthless checks continued to roll in with increasing frequency and for larger sums. The father became hard pressed to meet the demands.

FATHER LOSES PLACE.
Trouble with the Braun company followed and the father was dismissed because of an alleged irregularity in his accounts. This happened about a year ago, and the parent went to El Paso.

"Jack," the son, remained in town and began the wildest of careers. He was the host for wine suppers, theater parties and other revels that costed the longest of purses. Everybody liked "Jack," while his money lasted.

Simultaneously with this spree more and more checks began to appear. Trouble piled up for Taylor and he was hounded by his creditors. To all he promised to pay.

When affairs began to look serious and the matter was about to be placed in the hands of the police, another friend in need in the shape of an uncle, William Bayly of No. 6 Chester Place, came to the aid of the black-haired society man, and footed bills amounting to hundreds of dollars.

Following this settlement Taylor set a swifter pace and took into the scope of his wild life the roadhouses outside the city. These revels were costly and prolonged. Night after night auto parties were arranged, and Canary Cottage frequently saw the young man and his mates. Taylor paid the bills. Uncle Bayly's purse was not long enough to supply the demands of the young sport, and the source of revenue was suddenly cut off. There was more trouble for the society man.

The good times were continued, nevertheless. O. Olsen, chauffeur at the Bristol Cafe, was handy man for Taylor. His big gasoline buggy always carried a merry crowd. Olsen is sorry he met Taylor. He holds a story which he fears he never can collect.

DROPS FROM SIGHT.
Again when affairs were about to precipitate a crisis, and when there seemed no possibility that Taylor could extricate himself from his multitude of bills, the young man suddenly announced to his mother his determination to go to his father in El Paso. This was about three weeks ago. So far as can be learned, "Jack" never arrived in Texas.

All efforts to locate him have failed, and his friends believe he has dropped out of sight purposely in order to avoid complications arising from his having uttered checks which he knew were worthless.

Mr. Bayly, the uncle, is a mining man, with offices in the Douglas building. Yesterday he said:

"The young man is utterly bad; I do not want to shield him in any way. I have paid his bills, amounting to several hundred dollars, and I understand there is still a large amount outstanding against my nephew. The boy deserves to go to jail for what he has done. We have tried to shield him for his mother's sake. The boy's mother is quite ill at her home, and the news that her boy had gone wrong will break her heart. We have tried to keep everything from her, and she believes implicitly in her only son."

"I do not know where Taylor is. He left some time ago, saying he was going to El Paso. So far as we know he never arrived. I understand he had no word from him since his departure."

Bob King, proprietor of the Hollenbeck bar, has two checks cashed at his bar by Taylor. Both checks were cashed while King was absent.

King declared that Taylor cashed the checks at night, knowing that he (King) would be at home. In this way he obtained money which is still owing.

Many of his friends believe Taylor will return to Los Angeles when he believes the present trouble has blown over.

It is a ridiculous relic of the superstitious of a week before this. One of the facts told by Rev. Maile was of the dreadful effect of those horrors upon the prison-made wrecks. After the death of the elder Byrne, about twelve years ago, John A. Byrne engaged in business at Redlands, and before leaving his wife, six years ago he moved with his family to San Jacinto.

Dr. Woods Hutchinson, who came here from Portland, Or., last summer to deliver the commencement address for the California Hospital, is again in town. Dr. Hutchinson at that time spoke some keen and clever truths, both wise and witty, about the "handicapped" margin.

Incidentally, he became so enamored of Southern California that he has returned to reside in Redlands and is consulting physician at the new Arrowhead Sanitarium. In Portland Dr. Hutchinson, while secretary for the State Board of Health, established a sanitarium for tuberculosis, where the disease was treated entirely by the tent system.

Conversing yesterday with a Times reporter on this subject of dealing with the great white plague, Dr. Hutchinson, who has spent much time in research work on the subject, both in this country and abroad, said:

"Although I am no longer actively connected with tuberculosis work, I have had sufficient experience to convince me that the only rational way to treat the disease is by the open-air system, and I know of no better method than by utilizing tents for the purpose. This method gives better results because it involves the continued exposure to both light and air, and we all know that light has a destructive effect on micro-organisms and also a decided stimulus on living cells. The best cure ever devised for lupus is exposure to light."

RAIN AND FOG HARMLESS.
"Rain and fog? Nonsense! Some of the most rapid gains I have ever seen have been when the rain fell almost incessantly—and you know in Oregon we have considerable moisture. In our camp there I have known twenty patients to gain fifty pounds—two and a half pounds per capita—in the midst of a week of rain, and every one of them living in tents. It makes me laugh to see how everybody is afraid of a touch of fog—the only danger lies in that it drives the patient indoors."

"I have seen tuberculosis work carried on in the outskirts of London—the foggiest city on earth—and the tent system is in vogue there. Dr. Pettitt has a tuberculosis camp at Ottawa, Ill., where patients live in tents with the thermometer at 75 deg. below

**The Test of a
Steinway**

The Steinway test for a piano begins where the test for an piano leaves off.

Primary piano manufacturers proudly chronicle the fact that their instruments present a repeating action of lightning-velocity; that they possess a beautiful tone; that they will stand long years of usage; that their case architecture is a thing to the eye; etc., etc., etc.

The Steinway Piano all these things are taken for granted. It is the test of a Steinway Piano begins. This test is elemental factors, but for that marvelous Steinway tone, which once heard, haunts the ear forever.

How shall we describe the Steinway Tone? It is higher, yet tender, yet softer; more magic, yet more delicately played; the voice of any other instrument. In a word, it sounds like the voice of human emotions. There is always an underlying tenderness—a solidity. Simple music takes on a new effect fairly overpowering when a Paderewski stirs to its greater depths. No composition ever written equals the possibilities of the Steinway. Perhaps it is the great reserve force in the Steinway which music lovers recognize, that makes the Steinway a thing beyond compare.

Only showrooms in Los Angeles for the celebrated Steinway Pianos at 445-447 South Spring Street.

THE PUBLIC SERVICE.

SUMMARY OF THE DAY.

Boasting that they own three members of the Council and are now ready to claim their possessions, a tough crowd of "business agents" of local unions yesterday conveyed to the Mayor their ultimatum that the commission named must be a labor union commission or there will be no cut-throat investigation.

Acting on the advice of the City Attorney, the Street Superintendent yesterday reinstated the three Civil Service Inspectors whom he dismissed last Monday while seeking to reduce the expense of his department.

Superintendent Fushay of the school department yesterday reported to the Council that City-school rooms are in "poor" condition.

By the grace of the Board of Supervisors the people of Wilmington voted on the question of incorporation on December 22, and then the whole matter probably will be transferred to the courts.

An unusual damage suit went to trial yesterday before Judge York, wherein damages were being claimed for the death of a boy who lost his life while accidentally stealing a ride. The case is without precedent.

Street Superintendent Hanley is after car companies for failure to deposit money when streets are torn up. One street has been made.

AT THE CITY HALL.

"WE OWN THREE." UNION'S BOAST.

HIRING THUGS NOW POSE AS POLITICAL DIGITATORS.

Bay Council Must Name One of Number on Outfall Sewer Commission—Boast They "Own" Three Councilmen.

The City Hall was the rallying place yesterday for the building delegates and labor-union advocates who since the advent of Abe Ruef and his man Lehm, have been trying to play the role of political digitors.

A tough crowd of these trouble breeders spent the day in the municipal building telling the Mayor and such members of the Council as entered the common room, how they should run the city government.

Coming out from cover for the first time, they proclaimed from the corridors that they "own three men in the Council."

Horton, Kern and Hanley are the three legislators who have been claimed by the unionists. Horton, of course, they own by right of prior possession. They now assert that Kern and Hanley, because he belongs to the Teamsters' Union and Hanley because he is a member of the Car Men's Union.

Neither Hanley nor Kern has yet publicly acknowledged his subservience to the labor unions, but the jawsetters say they will do so next Monday when the Mayor sends to the names of his commission to investigate the outfall sewer.

It was the hired blackmailers of the labor unions who first asked for a sewer investigation. But the fellows are now concluding that they do not want any such inquiry, unless they are permitted to make it.

Yesterday they boasted that Kern, Hanley and Horton will decline to ratify the Mayor's appointments unless they include a union man.

The walking delegates want to be both the prosecutor and the judge. They can conduct the entire investigation they want it called off.

Their mission at the municipal building yesterday was to secure a promise from a majority of the Councilmen to place one of their number on the investigating committee.

They failed.

After short conference, they decided that it will be better not to have any investigation after all. They do not care to take chances on a mandatory report from the investigating committee.

TRIUMPHANT BOAST.

Before leaving the hall they boasted of the possession of Kern and Hanley and Horton, and announced that these three Councilmen will decline Monday to ratify the Mayor's appointments unless the Chief Executive sends to the Council the names of three men whom they will accept.

But it is not in the outfall sewer investigation alone that the walking delegates are leveling orders. They have united for a concerted raid on the Owens River water-bond fund.

Spook Hewson sounded the keynote of their campaign when he announced that the big bond of \$200,000. Probably this would be a conservative estimate of cost if the walking delegates were permitted to handle the money.

Yesterday the agitator handed the Mayor a petition almost as long as the President's message, setting forth the reasons why the petition is granted and three walking delegates should constitute the Board of Public Works.

The petition was signed by the "business agents" of more than a dozen local unions.

Under the provisions of a State statute the new Board of Public Works will have charge of the expenditure of all money voted for public improvements. If the unions could get control of the Board of Public Works the bond funds would be at their mercy.

The Councilmen are now reaping their reward for permitting a motion to go through one meeting unchallenged, asking the Mayor to name a representative of organized labor on the permanent Board of Public Works.

NEW BOARD MONDAY?

Mayor McElmer yesterday caused a stir in municipal circles by summoning Councilman Kern to a two-hour conference in the Mayor's private office. After the conference Mr. Kern told a friend that the Board of Public Works was discussed.

Apparently the Mayor will send to the Council Monday his choice for places the municipal board. This the Mayor would neither affirm nor deny.

This much appears to be certain: The Mayor and the Council are still as far apart as ever over a choice of the three men who will constitute this most important commission. Waters are now offered at the City Hall that no municipal Board of Public Works will be named during the present administration.

WED ON DEATH NOTICE.

It was a tangled matrimonial experience that Mrs. Maine related to Judge Wilber yesterday when he asked her to have annulled his marriage with Patricia E. Maine, alias Vosburg, and it might have been added, alias J. H. Black, in Denver, in June, 1933.

Mrs. Black confessed that she really was Mrs. Vosburg, having been married to George Vosburg in June of the same year. Vosburg, she said, could not get along with her daughter, Miss Black, then sixteen, and after nine days of married bliss had decamped. Maine went away and did not see her until September of 1934. Then she met him in the postoffice at Denver and they were married.

She showed him a clipping which she said had been sent to her by a friend in this city. The clipping was as follows:

"VOSBURG—At Los Angeles, Cal., January 25, George Vosburg, a middle-aged man, was thrown from a house in the afternoon yesterday and remains in the hospital. The remains will be taken to Chicago for burial."

Mrs. Vosburg had several of these clippings pasted on a card. Maine admitted that she had seen the clipping in the afternoon yesterday and married the woman on September 6, 1934. In a few days he was told that Vosburg was not dead.

Mrs. Vosburg's answers were not explicit, and seven weeks after the marriage Maine left her. He found that to see for himself. He found that no man by the name of Vosburg had died recently, and got the trace of Mrs. Vosburg in Judge Wilbur granted the annulment.

HIGH PRICE FOR HORSE.

Haggin Pays \$71,000 for Watercriss.

Other Turf Heroes Sell for Fancy Figures.

Monkeyshines Cut in Six-day Bicycle Race.

(BY THE ASSOCIATED PRESS.—F.M.)

NEW YORK, Dec. 7.—Watercriss, a brown stallion, 10 years old, bred by Springfield-Whitfield, bred by Lord Falmouth in England, was sold at auction today for \$71,000.

The horse was owned by a syndicate headed by J. P. Morgan, who already owned a half interest in the horse through the Haggin-Tervis partnership in the famous Rancho del Paso stud.

Today marked the end of the four-day auction sale of all the thoroughbreds of this stud. Over 400 head were sold, bringing a grand total of \$485,375.

The price paid for Watercriss today was the third largest ever paid for a horse by an American owner.

The stallion Ormonde, sire of Ormonde, winner of this year's Futurity, and now at the Grand National Farm in California, was bought at an auction sale in South America for \$150,000.

St. Blaise brought the highest price ever paid at a sale in this country, being bid in for \$100,000 at the disposal sale of the stable of the late August Belmont.

Watercriss is the sire of Water Color, Water Boy, Watercriss, and many other horses prominent on the American turf. He will be sent to Mr. Haggin's farm at Santa Anita.

Star Ruby, sire of Africander, Bonerero, Animosly, Shooting Star and other well-known performers, was bid in by Mr. Haggin today for \$30,000.

Haggin also secured Goldfinch and St. Gellan at \$10,000 each, Golden Garter, sire of Mechanism, was sold to A. J. Joyner for \$10,000.

As a four-year-old he carried 100 pounds and won twelve stakes races in England. H. T. Ozard got Glenheimer for \$10,000.

For the imported Tiddington the bidding was lively. Joyner finally got him for \$20,000.

Tiddington is out of Minerva, out of Nydia, who was the dam of Optimo, the dam of Slew.

Among the broad marems sold today was Zealandia, dam of Water Boy, who went to Thomas W. Whitham for \$10,000.

Two-year-old fillies were sold, bringing a total of \$25,375, or an average of \$125 per head.

Thirteen yearlings were sold, bringing a total of \$10,000.

These were a chestnut filly by Star Ruby out of Irony, which went to H. Bowen for \$2,000.

SIX-DAY CYCLERS.

CUTTING HORSE RACING.

(BY THE ASSOCIATED PRESS.—F.M.)

NEW YORK, Dec. 7.—Thirteen thousand and five hundred and fifty riders in the six-day bicycle races in Madison Square Garden had decided the season's racing track at 6 o'clock this morning.

At that hour they already had a start of 140 laps on the fourteenth thousandth lap, and they had completed only a third of the race.

Tricky sports, dangerous falls down the steep inclines of the track, and the frequent appearance of rolls of money went into the pockets of spectators who of fered good sums for a bet on the race.

Those who would outside their competitors and gain an extra lap, filled the hours from midnight until daylight with excitement.

Once at one of the turns, riding at the top of the embankment, fell and as his wheel slid to the bottom of the track he upset Achorn and Dussel.

All three mounted their wheels and went ahead again with a loss of less than half a lap.

Early this morning two women who occupied a box seat 200 into the track for the Achorn-Dussel team, provided these riders would fall.

The team failed to make the distance. Physicists who attended the race said they thought their fall in weight had been so severely appreciable.

There are still ten teams in the race. The score at 6 o'clock was as follows: Redell-Redell, 12144; Vanderstut-Rol, 12144; Koot-Popler, 12144; Moran-Dowling-Bowler, 12144; Calvin-McDonald, 12144; Achorn-Dussel, 12144; Doreling-Dussel, 12144.

Antics which made the great endurance test appear like a burlesque were indulged in by one rider during the forenoon hours.

Fiddle Root rode around the race track on a bicycle, and approaching close to the rail he threw it full against the teeth of a man who was holding for the riders to go faster.

Another rider, seeing that many of the spectators were asleep about the track, soon after daylight, secured a siphon and awakened the sleepers by well-aimed "sprays" of soda water.

Mountain, the race was very slow.

They were 257 miles behind the record at 10 o'clock today, which was the eighty-second hour of the race.

FITZ AND O'BRIEN.

BOTH NOW IN TRAINING.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, Dec. 7.—(Exclusive Dispatch.) This afternoon in the gymnasium of Sheehan's Beach Tavern, "Philadelphia Jack" O'Brien did the first boxing he has done in his preparation for his fight December 20 with Hol Frazzissimo.

O'Brien hasn't been neglecting his training, but he has kept in good good shape since the last fight here with Al Kaufman, that he has not found it necessary before to struggle with sparring partners in boxing contests.

Work on road and light exercise in the gymnasium have been sufficient to keep O'Brien in first class condition.

He has lived out at the beach and has thus escaped late hours, which would be inevitable had he been in town.

Today he boxed with Joe Gorman and showed all his accustomed cleverness.

Fitz kept up his regular routine today. He went on the road in the morning and worked in the gymnasium in the afternoon.

Next morning he will be on his way to the fact that an extraordinarily large crowd will journey to Alameda to watch Fitz win over Frazzissimo.

Fitz will win over Frazzissimo. It is not that the old man needs the money, but the needs more.

BOOKIES BEAT ASCOT SPORTS.

LONG-PRICED HORSES GET MOST OF THE RACES.

Plenty of Coin Lost on One Called Orphan, Who is Beaten by a Racer Known as Marshal Ney—Favorites Have a Very Hard Time Getting to the Wire First.

Los Angeles, Dec. 7.—The bookies got the best of things out at Ascot Park yesterday, making their best winning in the first race, when a long shot came in first, and in the fifth race, when another long shot galloped under the wire first.

The sporting public guessed a horse called Doctor C. in the first race and one called Lacey in the second race, but neither of these beasts came first or second in their races.

The first race was won by Bergian at 7 to 1, and the second by Valencia at 7 to 2.

The sports had a chance to guess a good one in the third in Handarra, but she was at such a short price that none of them wanted her, and she won easily.

The fourth race was won by the Golden Rule, the dam of Optimo, the dam of Slew.

Among the broad marems sold today was Zealandia, dam of Water Boy, who went to Thomas W. Whitham for \$10,000.

Great Sport to be Had in the Colorado River Country at Present—The Ranchers Offer to Meet the Sportsmen and Show Them a Good Time With Plenty of Shooting.

Millions of big ducks are reported to be eating the grain crops around Imperial and Brawley; the ranchers residing in that vicinity have issued a general invitation to local sportsmen to be their guests and help thin out the marauding webfoot.

The cry of putting the farmer out of business has been on the lips of the sportsmen for some time, but this time there really seems to be some foundation for the story. Ducks were never so numerous around the lower Colorado country as now; dozens of letters have been written to local sportsmen and commission dealers asking for a kind of help that the Los Angeles shooting public certainly ought to be more than willing to give, especially since the ranchers offer most generous accommodations as the following letters addressed to a local commission house would indicate:

"Could you please send a few hunters down here and help us get rid of the ducks, as they are doing considerable damage to our crops? If you make arrangements for any one to come, let me know a few days before, and I will come in and take them out free of charge. Let me hear from you at once and oblige."

T. E. SMITH, Brawley, Cal.

And this from El Centro:

"Gentlemen: Having seen your ad in the paper, I suppose you are in a position to sell me a few ducks. I would like to have a few ducks to shoot at Imperial. If you can, you will do me a favor as well as my neighbors, as the ducks down here are so numerous that they are destroying my barley, and puddling about in the fresh water. If any parties will come to see me, let me know and I will take them to the place where the ducks are, and it will not cost them anything."

C. STUBBS, El Centro.

Duck hunters who take advantage of these offers are not to ship all their ducks to the commission house, because the law places a limit of fifty on the number that such a house may ship in one day. Bonanza was given to this law in the Police Court a few days ago.

HIS "BUSTER" LECTURE.

Artist Outcault Talks of the Little Republic of "The Times" Comic Sheet.

"No one, I think, ever started to be a comic artist," said R. F. Outcault last night to his audience in the Simpson Auditorium. "We all begin with different aims and get crowded into it. Just to show you how a comic artist is created, I am going to tell you how it happened to me."

Mr. Outcault then gave a witty account of the experiences through which he passed before he became the father of the "Yellow Kid" and "Buster Brown."

He was born in an Ohio town that slept soundly until one day the railroad meandered casually into the place, when they painted the town hall, although some wanted to build a school, and the local paper began running a society column, in which the town was always called "this city," and every article became a "function," and reformers "collated."

As he went along, Mr. Outcault said, I soon found that there was a girl I loved better than my art, so I got a legal separation from the lady, and went to New York, where I got a job that paid me \$25 a week. This was a princely sum for a boy who had just left school.

Mr. Outcault then told of his experiences in New York, and how he became a comic artist.

AWFUL NEURALGIA

Mr. Porter Thought He Should Go Mad But Dr. Williams' Pink Pills Cured Him.

"It seems like a miracle that Dr. Williams' Pink Pills should have cured my neuralgia," said Mr. Porter. "They are certainly a marvelous medicine and I am always glad to recommend them."

"For two years," he continued, "I had suffered almost unendurable pains in my head. They would start over my eyes and shoot upward most frequently, but they often spread over my face, and at times every part of my head and face would be full of agony. Sometimes the pains were so intense that I actually feared they would drive me mad."

"My eyes ached constantly and there was always a burning sensation over my forehead, but the other pains varied, sometimes they were acute and again they were dull and lingering. I could not sleep. My temper was irritable and I got no pleasure from my work, but finding no help in any of them, I became a despairing man. Even when I began to take Dr. Williams' Pink Pills I had no great hope of a cure."

"That was in December of 1903. To my surprise, a change in my condition took place right away. The pains grew less intense and the acute attacks were further apart, as kept on taking Dr. Williams' Pink Pills. The improvement began with the first box, and when I had used three boxes I stopped. My cure was complete and has lasted ever since."

Mr. Charles H. Porter lives at Raymond, N. H. He is one of many grateful people who have found that Dr. Williams' Pink Pills will cure diseases of the nerves that have stubbornly resisted every other remedy tried.

Not only neuralgia, but sciatica, rheumatism and locomotor ataxia yield to them. They are sold by all druggists, or may be obtained directly from the Dr. Williams Medicine Co., Schenectady, N. Y.
